RESEARCHERS IN MOTION

EURAXESS COMMUNITIES OF PRACTICE (CoPs)

Factsheets

WHAT ARE EURAXESS CoPs?

EURAXESS CoPs are thematic, collaborative networks or groups that bring together experts from EURAXESS centres, researchers, and professionals from outside EURAXESS aiming at fostering knowledge exchange and capacity building among EURAXESS Centres staff. These CoPs focus on topics related to researcher mobility, career support, and administrative assistance, working toward the professionalization of EURAXESS network members.

EURAXESS CoPs GOALS

Enhance efficiency and strengthen collaboration between EURAXESS Centres across Europe and beyond by sharing resources and capacity building.

Address challenges related to researcher careers and mobility through community-driven solutions.

Advance the professionalization and expertise of EURAXESS members by sharing knowledge, best practices, and experiences.

Support the development of innovative services that improve administrative support for researchers within the EURAXESS network.

BENEFITS OF JOINING A CoP

Networking

Collaborate with peers across Europe and beyond; exchange best practices and develop discussion around various topics.

Professional Development

Gain insights into cutting-edge practices in research mobility and career development; share knowledge on different topics.

Impact

Contribute to shaping the future of research careers and policies within Europe; increase visibility of your institutions and services.

HOW TO GET INVOLVED IN A CoP?

Identify your area of interest: Review the list of topics covered by the CoPs.

Reach out: Contact the CoP moderators or visit the EURAXESS website to find information about upcoming activities and membership opportunities.

Join the conversation: Participate in regular meetings, workshops and webinars to contribute your expertise and collaborate with others.

CoP TARGET MEMBERS

EURAXESS CoPs are open to EURAXESS network members, including professionals supporting researcher mobility and career development. Researchers, policymakers and external experts who are engaged in the topics covered by CoPs or have relevant experience, are welcome to join, contributing to collaborative knowledge exchange and innovative solutions in research careers and mobility.
